Subject: Friendly Introduction - In Need of Assistance

Hello,

I hope that you are doing well. My name is Marvin Sanders and I am a Lancaster Native. I am emailing to you all for your help. My partner and I are working on a sports tech idea that will utilize Artificial Intelligence to help athletes train smarter and develop more effectively. We are in the middle of creating a prototype but I am more focused on building a team of passionate people. I wanted to know if you can help me with connecting us to any students who focus on web & app development? My partner and I would greatly appreciate this and if there are students who are interested in joining a start-up, we will provide more details of what we are looking for.

I hope that you can help us. We are in the early stages but we do see potential in our idea. We greatly appreciate your assistance.

Best,

Marvin L. Sanders II
